#### **Robert Bostian**

Mr. Bostian is very knowledgeable in the Design/Build acquisition process. I consider him a Champion on this task. He is willing to guide, instruct and even participate and get involved with the entire process since the "fabrication" of a Request for Proposal, the short listing process and also guidance in the evaluation of technical proposals. He has put together an informal training on Design/Build in which staff dealing with this type of acquisition can share ideas, lessons learned, ask questions and learn. He puts the agenda together, invites everyone he is aware is dealing with a Design Build team acquisition and pretty much run those meetings. I personally learned a lot while working on the acquisition of a design build for the Dixie Hwy flyover project, currently being built. He just recently helped another project manager with the process and made himself available to attend her meetings and give her input, cancelling even a few of his own commitments in order to assist other project managers. I highly recommend Rob Bostian for the Extra Mile Award.
