

Florida Society of Certified Public Managers
"CPM with Distinction"
Professional Development and Continuing Education Program
Effective November 2011

To encourage CPMs to continue their professional development, we propose that FSCPM implement a "CPM of Distinction" credential to recognize those who continue to develop themselves. The purpose of this voluntary program is to encourage individual professional growth through training and education events, contributions to the Society such as serving in officer and committee chair positions, speaking, teaching, writing articles, and mentoring and public service.

The FSCPM Professional Development Committee will review and approve submitted applications for the CPM with Distinction credential. All professional development and continuing education activities must help the CPM build their skills and knowledge in at least one of the core competencies established by the National Certified Public Manager Consortium:

To earn the With Distinction credential (CPM-D), Certified Public Manager program graduates will need to:

1. Review the list of approved CPM with Distinction activities. Earn points by completing the designated training and service activities.
2. Submit a CPM with Distinction application form after earning 40 points. Those who meet the credential requirements will be honored at the annual FSCPM Symposium and Award Luncheon.
3. Honorees will receive a letter from the Society President and a certificate recognizing their achievement earning the CPM with Distinction credential. They will be listed in a special directory on the FSCPM website.
4. Recipients of the CPM d credential will need to earn 24 points every four years to maintain the "with Distinction" credential. Those who do not meet this requirement will be removed from the CPM with Distinction directory. Once the credential is lost, CPMs will need to complete the renewal requirement to have it reinstated.
5. A small service fee of \$10 for FSCPM members and \$15 for non-members will be requested for processing of CPM d applications to cover web database and certificate costs.

APPLICATION PROCESS: Review the CPM d Approved Activities List, and then click on this link to complete the application...<https://adobeformscentral.com/?f=xYS9ZbRJutWGEXnJ3YyuDQ>
